

MODULE LONG AND TRIPLE JUMP

This module has been designed for long jump and triple jump in one lane.

The size of the sand-filled jumping pit and the distance between the take-off boards and the pit are standard and sized according to track and field federation rules.

The total length of the track is customizable and can be adapted to the available space.

CONTEXT

Sports equipment does not have to be moved to accommodate the sports in this configuration, so this module can be placed in supervised or unsupervised areas.

DIMENSIONS

Minimum recommended dimensions of the module, including safety areas: 5.95 m width x variable length.
