

ZONE-IT

MAKE YOUR FUNCTIONAL TRAINING SESSIONS MAGNETIC.

ZONE-IT IS A MODULAR FLOORING (AVAILABLE IN AN INTERLOCK VERSION WITH CONNECTABLE TILES) AND WALL-COVERING SYSTEM THAT WAS DESIGNED BASED ON MONDO'S EXPERIENCE DEVELOPING SURFACES FOR CARDIO WORKOUTS. THE SYSTEM'S SPECIAL MAGNETIC CHARGES AND KIT OF DETACHABLE MAGNETS, WHICH CAN BE USED BOTH ON THE FLOORING AND THE WALLS, ENABLE QUICK AND EASY CUSTOMIZATION OF YOUR TRAINING SESSIONS AND AREAS. THE SMOOTH, NON-POROUS FINISH MAKES ZONE-IT SLIP-PROOF AND ENSURES THE PERFECT GRIP COEFFICIENT FOR FUNCTIONAL TRAINING, WHERE HEAVY EQUIPMENT LOADS AND ROTATIONAL TRAINING MOVEMENTS ARE CONSTANT.

CO-VULCANIZED MULTI-LAYER DUAL DUROMETER

Our sport surfaces are made from two layers of solid rubber vulcanized together to form a continuous, seamless surface.

SMOOTH SOLID RUBBER TOP LAYER

The vulcanized rubber top layer has a smooth finish and optimal grip with no need for additional finishes or surface coatings. The surface is durable and highly resistant to wear and tear. Our rubber top layer is available in many different colors, including colors that mimic the look of real hardwood.

MAGNETIZATION

The surface is created combining rubber and mineral ingredients to make it magnetic.

ZONE-IT

Training is a continuous drive for improvement. So your training space shouldn't impose limits on you. Design your area to respond perfectly to your workout needs.

A WORKOUT THAT'S EVEN MORE YOURS

With its magnets kit combined with the magnetic flooring and wall surfaces, Zone-It is the ideal solution for quickly and easily personalizing your functional training area. An infinite number of configurations and fun, colorful designs allow you to dedicate a single space to different activities simply by moving the magnetic elements.

CHANGE WORKOUTS, NOT SPACES

The set of mobile magnets set allows you to personalize any space so that it's designed around your training sessions. Zone-It is ideal for every training routine, and it provides maximum comfort and complete safety due to a double-layered vulcanized rubber structure that ensures the right mix of shock absorption and energy return. Plus, Zone-It's smooth finish guarantees the perfect grip, reducing the risk of muscle injuries.
